Oscar de la Renta André Leon Talley, 2015-09-15 A sumptuous monograph tracing the life and legacy of fashion luminary Oscar de la Renta. In October 2014 one of the fashion world's champions, Oscar de la Renta, passed away, a great loss brightened by the innumerable successes of his half-century reign. The acclaimed fashion designer dressed first ladies from Kennedy to Obama, and celebrities from Beyoncé to Sarah Jessica Parker. Renowned for his unique charm, impeccable taste, and original lifestyle, he married the highest standards of French couture with the ultimate motivation that women must look and feel beautiful. In this intimate volume, longtime editor and friend André Leon Talley recounts de la Renta's journey through nearly 70 iconic dresses, mainly made for private clients, accompanied by fascinating stories of the exquisite craftsmanship and the legendary friends that brought each gown to life. Born in the Dominican Republic in 1932, de la Renta left for Madrid at nineteen to study art, where he rose to prominence as a sketch artist for newspapers and fashion houses.

From his apprenticeship under Cristóbal Balenciaga to his eponymous collections, the designer's simple lines elevated with a flamenco dancer's flourish reflect his deep connection to his roots and his commitment to transcendence through beautiful garments.

La región ha actuado rápidamente ante la crisis, adoptando paquetes de medidas fiscales de diversas magnitudes y alcances. Taxation and Development - A Comparative Study Karen B. Brown, 2017-01-16 This volume examines the tax systems of some twenty countries to determine whether their tax laws are used to support growth and development across borders in lower-income and poor countries. Given the critical economic development needs of poorer countries and the importance of stability in these regions to the security of populations throughout the world, the use of a country's tax laws to support investment in the developing world gains crucial significance. This book explores whether international standards promoting the fundamental values of the major tax systems of the world accommodate incentives for these nations. In addition, it analyzes the way in which adoption of principles by higher income nations to protect their own revenue bases has a spill-over effect, impairing the ability of developing countries to sustain their economies. Following an introduction that synthesizes worldwide trends, the volume contains separate chapters for a variety of countries detailing the underlying goals and values of each system and the way in which the decision to employ (or not employ) incentives accommodates those ends. The chapters include reports for: Australia, Belgium, Brazil, Croatia, Czech Republic, France, Hong Kong, Israel, Italy, Japan, the Maldives, the Netherlands, Poland, Portugal, South Africa, Uganda, United Kingdom, United States, and Venezuela. The volume memorializes the work of the General Reporter and National Reporters at the Taxation and Development session of the 19th Congress of the International Academy of Comparative Law held in July, 2014, in Vienna, Austria.

The Battle of Versailles Robin Givhan, 2015-03-17 On November 28, 1973, the world's social elite gathered at the Palace of Versailles for an international fashion show. By the time the curtain came down on the evening's spectacle, history had been made and the industry had been forever transformed. This is that story. Conceived as a fund-raiser for the restoration of King Louis XIV's palace, in the late fall of 1973, five top American designers faced off against five top French designers in an over-the-top runway extravaganza. An audience filled with celebrities and international jet-setters, including Princess Grace of Monaco, the Duchess of Windsor, Paloma Picasso, and Andy Warhol, were treated to an opulent performance featuring Liza Minnelli, Josephine Baker, and Rudolph Nureyev. What they saw would forever alter the history of fashion. The Americans at the Battle of Versailles- Oscar de la Renta, Bill Blass, Anne Klein, Halston, and Stephen Burrows - showed their work against the five French designers considered the best in the world - Yves Saint Laurent, Hubert de Givenchy, Pierre Cardin, Emanuel Ungaro, and Marc Bohan of Christian Dior. Plagued by in-fighting, outsized egos, shoestring budgets, and innumerable technical difficulties, the American contingent had little chance of meeting the European's exquisite and refined standards. But against all odds, the American energy and the domination by the fearless models (ten of whom, in a groundbreaking move, were African American) sent the audience reeling. By the end of the evening, the Americans had officially taken their place on the world's stage, prompting a major shift in the way race, gender, sexuality, and economics would be treated in fashion for decades to come. As the curtain came down on The Battle of Versailles, American fashion was born; no longer would the world look to Europe to determine the stylistic trends of the day, from here forward, American sensibility and taste would command the world's attention. Pulitzer-Prize winning fashion journalist Robin Givhan offers a lively and meticulously well-researched account of this unique event. The Battle of Versailles is a sharp, engaging cultural history; this intimate examination of a single moment shows us how the world of fashion as we know it came to be.
