The Political Spirituality of Cesar Chavez Luis D. Leon, 2014-11-14 The Political Spirituality of Cesar Chavez: Crossing Religious Borders maps and challenges many of the mythologies that surround the late iconic labor leader. Focusing on Chavez's own writings, León argues that La Causa can be fruitfully understood as a quasi-religious movement based on Chavez's charismatic leadership, which he modeled after Martin Luther King Jr. and Gandhi. Chavez recognized that spiritual prophecy, or political spirituality, was the key to disrupting centuries-old dehumanizing narratives that conflated religion with race. Chavez's body became emblematic for Chicano identity and enfolded a living revolution. While there is much debate and truth-seeking around how he is remembered, through investigating the leader's construction of his own public memory, the author probes the meaning of the discrepancies. By refocusing Chavez's life and beliefs into three broad movements—mythology, prophecy, and religion—León brings us a moral and spiritual agent to match the political leader.

Wetlands Committee on Characterization of Wetlands, Commission on Geosciences, Environment and Resources, Division on Earth and Life Studies, National Research Council, 1995-09-20 Wetlands has become a hot word in the current environmental debate. But what does it signify? In 1991, proposed changes in the legal definitions of wetlands stirred controversy and focused attention on the scientific and economic aspects of their management. This volume explores how to define wetlands. The committee--whose members were drawn from academia, government, business, and the environmental community--builds a rational, scientific basis for delineating wetlands in the landscape and offers recommendations for further action. Wetlands also discusses the diverse hydrological and ecological functions of wetlands, and makes recommendations concerning so-called controversial areas such as permafrost wetlands, riparian ecosystems, irregularly flooded sites, and agricultural wetlands. It presents criteria for identifying wetlands and explores the problems of applying those criteria when there are seasonal changes in water levels. This comprehensive and practical volume will be of interest to environmental scientists and advocates, hydrologists, policymakers, regulators, faculty, researchers, and students of environmental studies.

Cesar Chavez Roger Bruns, 2005-09-30 Cesar Chavez, the labor organizer and founder of the United Farm Workers of America, was, perhaps, an unlikely hero. In this biography, his early life is shown to be fairly typical for a boy in a close-knit family of Mexican Americans who worked the land in Arizona and California and endured hardship and discrimination. His story reveals the underside of the American Dream, and his later successes in helping farm workers and building a union to represent them are a testament to something extraordinary in a seemingly ordinary man. As a young man, Chavez looked for a way out of the fields in the Navy but only found similar ethnic hatred. He married and started a family soon after his discharge and returned to the fields. Chavez hated the injustices meted out to his family and other migrant workers. They were on American labor's last rung, thousands of individuals making a pittance for their back-breaking work, living in desperate and inhumane conditions, poisoned by the pesticides, with few rights or leaders on whom to lean. The migrant workers found a champion in Chavez, who started to see the possibilities of making a difference for those in need. He began to work for a social service agency in California and met a priest who inspired him to read and learn about figures such as Mohandas Gandhi. From that point on, his labor activism is legendary. In the context of the times, with the Civil Rights

Movement, Vietnam, and race riots raging, Chavez is shown to slowly build the farm workers labor movement, along with colleagues such as Dolores Huerta. Using the nonviolent examples of Gandhi and Martin Luther King, Jr., from the 1960s until his death in 1993, Chavez launched strikes, boycotts, marches, and his famous hunger strikes to force concessions from the big growers for better conditions and pay for the workers. His union lobbied Congress on behalf of the farm workers. Chavez and his supporters faced police and grower brutality, government surveillance, and death threats, and he was jailed several times. Like Gandhi, his example is for the ages.

Empire of Dragons Valerio Massimo Manfredi,2010-11-30 Anatolia, AD 260. The Roman outpost of Edessa is on its last legs after the Persian siege, and Roman Emperor Publius Licinius Valerianus agrees to meet his adversary to negotiate peace. But the meeting is a trap and the Emperor ends up in enemy hands, along with the commander of his personal guard, Marcus Metellus Aquila, and ten of his most valiant and trusted men. Their destiny is sealed: they will rot away in a mine, forced into slavery. But Metellus - legate of the Second Augusta Legion, hero of the empire - and his men break free and find shelter at an oasis, where they meet a mysterious, exiled prince. The Romans become the prince's private militia, agreeing to safeguard the prince's journey back to his homeland, Sera Maior, the mythical Kingdom of Silk - China. And so they begin an extraordinary and epic journey through the forests of India, the Himalayan mountains, the deserts of central Asia, all the way to the heart of China - as the very survival of the world's greatest two empires is at stake.

Vienna & Chicago, Friends or Foes? Mark Skousen,2016-03-01 Is the bridge between the Austrian and Chicago schools coming together or moving apart? In *Vienna and Chicago, Friends or Foes?* economist and author Mark Skousen debates the Austrian and Chicago schools of free-market economics, which differ in monetary policy, business cycle, government policy, and methodology. Both have played a successful role in advancing classic free-market economics and countering the critics of capitalism during crucial times and the battle of ideas. But, which of the two is correct in its theories?

The Forgotten Legion Ben Kane, 2010-01-05 Set in the late Roman Republic, in the first century B.C.E., The Forgotten Legion is a tale of the greatest empire of the ancient world from the perspective of those on the lowest rungs of its society. Romulus and Fabiola are twins, born into slavery to a enslaved mother who is much beloved by them, and much abused by their owner. At 13 years old, they and their mother are sold: Romulus to gladiator school, Fabiola into prostitution, where she will catch the eye of one of the most powerful men in Rome, and their mother into obscurity and death in the salt mines. Tarquinius is an Etruscan, a warrior and soothsayer, born enemy of Rome and trained by the last haruspex in the forgotten arts of divination. A runaway slave, then an AWOL Legionaire, he has a long foretold destiny that will take him to the very ends of the known world. Brennus is a Gaul from the Allobreges tribe. In the battle against the Roman army, his entire family, perhaps his entire tribe, is slaughtered, and only he survives to be sold as a slave to be trained as a gladiator. He rises to become one of the most famous and feared gladiators of his day - and mentor to the boy slave, Romulus, who dreams night and day of escape and of revenge. The lives of these four characters are bound and interwoven in a marvellous story which begins in a Rome riven by corruption, violence and political enmities, but ends far away, where Romulus, Brennus and Tarquinius find themselves fighting against the Parthians and overwhelming odds - survivors of one of the most legendary battles in Roman military history and destined to become part of one of the most compelling, enduring legends: The Forgotten Legion.

The Silver Eagle Ben Kane, 2010-03-16 The second novel in the Forgotten Legion Chronicles takes Romulus, Brennus, Tarquinius and Fabiola, and places them in ever greater danger. The Forgotten Legion -- ten thousand legionaries made captive by the Parthians -- has marched to Margiana on the edge of the known world. In its midst are Romulus, Brennus and Tarquinius, all men with good reason to hate Rome. Together the trio must face the savage tribes which constantly threaten the area. But other, more treacherous enemies lurk within the ranks of the Forgotten Legion itself. When all hope is lost, the

three friends' characters will be tested to the utter limit. Meanwhile in Rome, Fabiola, Romulus's twin sister, also fights to survive. Beset by enemies on all sides, she must travel to Gaul to find her lover, Caesar's right-hand man. There, tribal rebellion under the charismatic chieftain, Vercingetorix, threatens not just Caesar's route to power, but his life and the lives of all who support him.
