*Queer Rebels* Łukasz Smuga, 2022-01-31 *Queer Rebels* is a study of gay narrative writings published in Spain at the turn of the 20th century. The book scrutinises the ways in which the literary production of contemporary Spanish gay authors -

José Luis de Juan, Luis G. Martín, Juan Gil-Albert, Juan Goytisolo, Eduardo Mendicutti, Luis Antonio de Villena and Álvaro Pombo – engages with homophobic and homophile discourses, as well as with the vernacular and international literary legacy. The first part revolves around the metaphor of a rebellious scribe who queers literary tradition by clandestinely weaving changes into copies of the books he makes. This subversive writing act, named ‘Mazuf’s gesture’ after the protagonist of José Luis de Juan’s *This Breathing World* (1999), is examined in four highly intertextual works by other writers. The second part of the book explores Luis Antonio de Villena and Álvaro Pombo, who in their different ways seek to coin their own definitions of homosexual experience in opposition both to the homophobic discourses of the past and to the homonormative regimes of the commercialised and trivialised gay culture of today. In their novels, ‘Mazuf’s gesture’ involves playing a sophisticated queer game with readers and their expectations.

The book is organized to cover all phases of Access development. They also cover such overlooked areas as custom deployment and documentation. The book contains many useful code examples designed so they can be used with minimal modification.

*Histories, Cultures, and National Identities* Christine Arkininstall, 2009 Issues around national identities have been central in Hispanism in recent years. However, scholarship remains pending on women's contributions to Spanish national agendas. This book addresses the visions of history, culture, and national identity articulated by Rosario de Acuna (1851-1923), Angela Figuera (1902-1984), and Rosa Chacel (1898-1994). Their works elucidate the contested formation of Spanish democracy and the gendered politics of culture. Types of liberalism in late nineteenth-century Spain are debated in Acuna's theater and essays in part 1. Figuera's poetry, the focus of part 2, highlights the notion of history as trauma resulting from the Spanish Civil War and Franco dictatorship, to privilege the recovery of historical memory. Part 3 explores Chacel's re-invention, in Barrio de Maravillas and Acropolis, of the liberal cultures of early twentieth-century Spain, from within a post-Franco era eager to reclaim those histories. The conclusion addresses the relevance of the writers' projects for present-day Spain. Christine Arkininstall is Associate Professor in Spanish at The University of Auckland.

**Staging Discomfort** Bretton White, 2020-05-11 This visionary volume examines how queer bodies are theatrically represented on the Cuban stage in ways that challenge one of the state's primary revolutionary tools, the categorization and homogenization of individuals. Bretton White critically analyzes contemporary performances that upset traditional understandings of performer and spectator, as well as what constitutes the ideal Cuban citizenry. Following the 1959 revolution, nonconformists were monitored and reported by local committees and punished or reformed by the government. Censorship was rampant, and Cuban art suffered as the state tried to control the national message. Through the lens of queer theory, White explores how the body has been central to the state's fear-based marginalization of gay life and looks at the ways these theatrical performances defuse that fear. She highlights the revolutionary model of masculinity and the role it plays in excluding people based upon visible queer difference. White finds that, through experimental performances of sexuality, actors create connections with audiences to evoke shared feelings of discomfort, intimacy, shame, longing, frustration, and failure, which echo the prevalence of these feelings in other Cuban spaces. By performing queerness, these plays question the state's narrative of heteronormativity and empower citizens to negotiate alternative understandings of Cuban identity.
